Join 200 children from across Tower Hamlets for a joyful musical celebration of real and imaginary creatures – a golden deer, a tiny dragon, a spooky ‘Chopper’ and an Octopus who lives at the bottom of the sea – blending traditional Bengali tunes, new compositions and a Beatles classic. This singing project is led by singers **Jessica Summers** and **Sohini Alam**, with live music from British-Bengali band **Khiyo** and tabla students.

This event is free and unticketed.

“Musical Creatures” is produced and delivered by THAMES (Tower Hamlets Arts and Music Education Service) and World Heart Beat, as part of its Trinity Buoy Sounds project.
